

Web Design – Information & Application

We can create a beautiful web site for your small or large business, and register the domain name of your choosing (or transfer an existing one).

We will register the domain name at a cost of only \$15.00 (and you will own the domain). We will design your site at a FLAT RATE, so you never pay extra no matter how many hours it takes to complete. Design rates start at only \$400, which includes all design elements, and you will be able to consult with the designers at all times while the site is being developed, and also see the progress online.

If you decide to have your site hosted by us, here's what you will get:

- ✓ A professionally designed web site.
- ✓ A private online control panel, where you can change your email addresses, change your password, edit or delete autoresponders, block email addresses or IP's, set up mail forwarding, review web site statistical data, and lots more.
- ✓ **There are various hosting plans starting at \$8.95 monthly, which include:**

Server Space (size depends on plan chosen)

Unlimited Data Transfer (bandwidth)

99% Uptime Guarantee

Fast Service - 24 x 7 support

High Speed Datalines

24 Hour FTP Access

Site Backups

Personal Control Panel

POP E-mail Accounts

Unlimited E-Mail Forwarding

Unlimited E-Mail Aliases

Autoresponders

CGI Bin

Perl

PGP Encryption

Imagemap Support

Frontpage Extensions

Graphical Web Site Statistics

Free Technical Support
